

NEVER AGAIN WITHOUT SALARY

JOB MUST BE PAID IN FULL & IN TIME

For more than three months all workers of Residence Luciani are not getting any remuneration.

It's not the first time this year we have to work without getting paid, to ensure that a proper service is given to guests and students inside university residences of EDISU Piemonte.

The issue is caused by Residence Luciani's problems with Equitalia (the main Italian collection agency for debts), which for a domino effect has weighed on 70 Edisu workers that are not getting their salary causing severe problems: some couldn't pay bills, some had the electricity cut off, some became debtors with banks.
